- It's an excellent program that allows you to handle iPhone files, it has features for ripping iPhone video to Computer, copy video from iPhone to PC and backup iPhone files. Mar 20, 2015 Good app to download your iTunes DRM Free songs from the web! It was designed for iTunes users. Good app to download your iTunes DRM Free songs from the web! It was designed for iTunes users. rulbity , 08/16/2015 A must have app for all iDevice users! When I discovered that

---

iTunes could only rip songs that were DRM, I had lost my entire collection.

I looked into a few alternatives but couldn't find anything that supported

DRM songs. Then I came across 4Easysoft. I downloaded it, and within 30 seconds I was able to rip my entire music collection to WAV format. The

interface is sleek and easy to use. I

was able to download my entire

iTunes library in just a few minutes.

After that, I changed my entire music library to Apple Lossless and exported

---

all of my WAV files to my MacBook Pro. I highly recommend 4Easysoft to anyone looking to rip their iTunes music and transfer it to an iPhone, iPad, or other Apple device. 4Easysoft has been a lifesaver! What's new in this version: Small bug fixes.
