Controladora De Interfaz Lpc De Intel R 82801gb Gr Familia Ich7 27b8 DIBS_4STA 02/11/2011 A few weeks ago I installed a new hard drive for my Computer and when I installed the driver for my new hard drive and started my computer I could not find the 3.5 hard drive that I had installed. I ran all the other hard drive drivers and I installed all the hard drive drivers that I could see and all the drivers for my hard drive I could find. After the installation I rebooted my computer and looked at my hard drive and there was only two partitions. I was very surprized. I need your help on this. Hardware Overview. 05/11/2010
